Strength through innovation

Vision

To be the leading innovative sales and marketing company for New Zealand strongwool.

From the Chairman

Product Disclosure Statement (PDS)

A Product Disclosure Statement (PDS) (evergreen prospectus) will be registered before the end of 2017 which will recognise all full contributions of WMDC from February 2013 up to June 2018 by way of an issue of additional shares, based on 1 share for every dollar of WMDC contributed. The PDS is a flexible document and allows the Board to recognise grower support in the future beyond June 2018 if it so chooses.

The WNZ Board want to make sure that committed grower shareholders are acknowledged and rewarded for their contributions to the company they created and continue to help grow and develop through WMDC.

We would encourage you to ensure your WMDC payments are up to date so that you can take advantage of this entitlement to additional shares.
